

AI-
ASSISTANT

Certificate

OF COURSE COMPLETION

Roman Komolov

This certificate verifies that he has successfully completed the course "ARTIFICIAL INTELLIGENCE IN BUSINESS PROCESSES" from March 16, 2024, to April 16, 2024, totaling 20 hours.

The purpose of the Course is to educate participants in the knowledge, skills, and competencies required for the integration of AI technologies into the structure of business processes (strategic management, marketing, sales, finance, HR).

The course program includes an in-depth study of a wide arsenal of AI tools and applications, as well as Google tools for analyzing and generating texts and speech, visual content, graphics, video processing, and presentation creation during the automation of routine operations.

The participant demonstrated excellent knowledge and skills, as well as the creativity required to integrate AI into business processes in a digitised economy.
